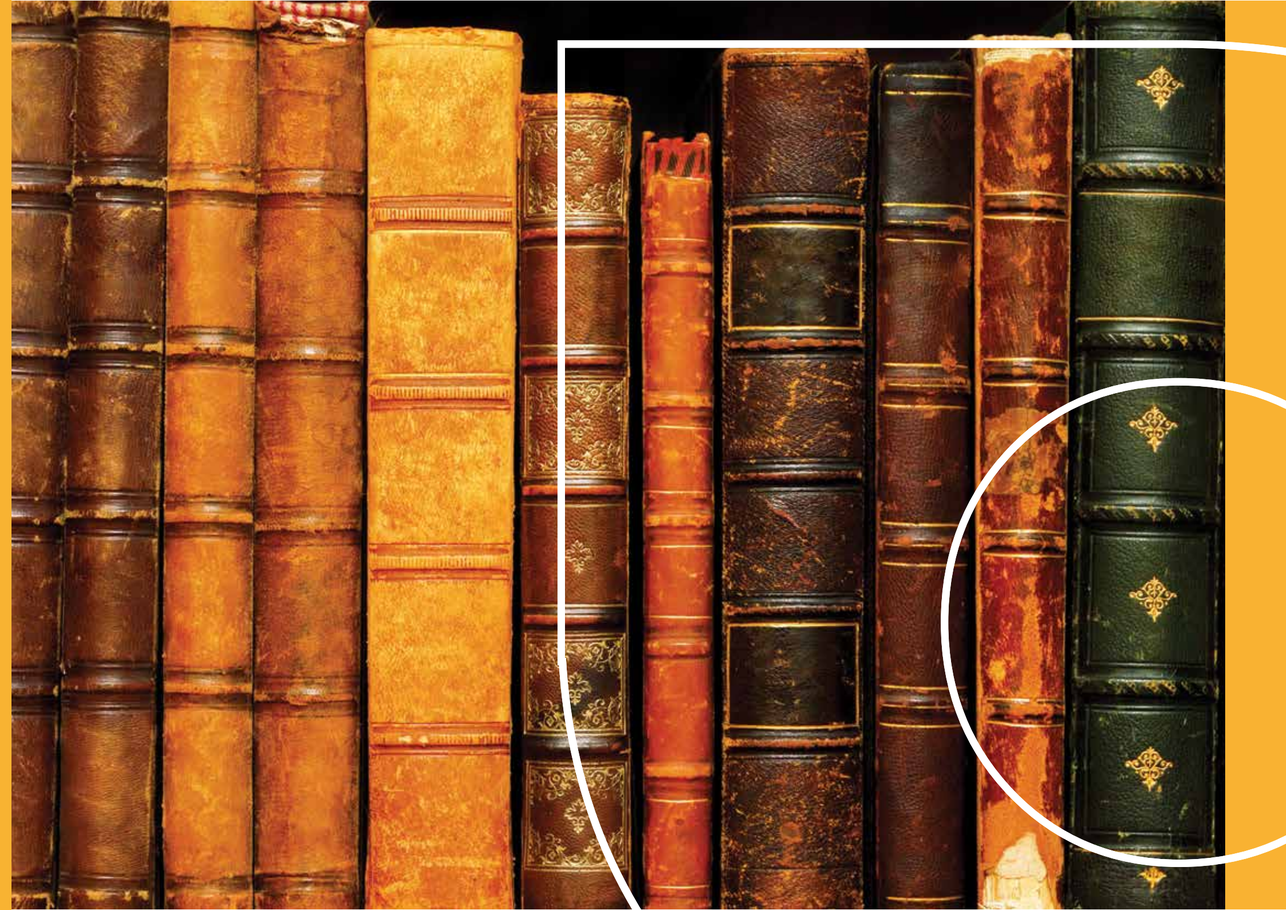
ELEZZ

ABOUT ELEZZ

With over 33 years of experience spanning the GCC, as well as various European, Asian, and African countries across multiple sectors and industries, we have leveraged our expertise to establish a formidable presence in the Egyptian market. Ourjourney began in 2017 with EL EZZ Developments, paving the way for numerous other companies operating in diverse sectors and industries. Each of these entities is dedicated to addressing the needs of the Egyptian market by embracing the latest innovations and technologies. Our collective aim is to contribute to the advancement and development of Egypt while delivering excellence in every endeavor we undertake

OUR STORY

EL EZZ in Egypt represents the next chapter in the successful journey of the EL Badr Group in Qatar. Founded by Eng. Moataz Moharm in the early nineties, EL Badr Group established itself as a prominent player in the Qatari market. Building on this legacy of excellence, EL EZZ has emerged as a leading force in Egypt's business landscape. Under the visionary leadership of Eng. Moataz Moharm, EL EZZ continues to uphold the same values of quality, innovation, and integrity that have been the hallmark of its predecessor. With a commitment to delivering exceptional results EL EZZ is poised to shape the future of the Egyptian market.



OUR VISION

"To be the foremost leader in real estate development, recognized for our commitment to excellence, creativity, and sustainability, and to set the standard for luxury and innovation in the industry, fostering environments where people thrive and businesses flourish."

OUR MISSION

To create exceptional real estate experiences through innovative design, superior quality, and unparalleled service, transforming spaces into prestigious landmarks that inspire and elevate the lives of our clients and communities."

ABOUT
DEVELOPER

EL EZZ Development

where we redefine the art of real estate development. Our name, embodying richness and royalty, reflects our commitment to excellence in every project we undertake. As a leading developer of administrative, commercial, residential and resorts spaces, we pride ourselves on creating environments that are not only functional but also inspiring.

ABOUT PROJECT

Our mixed-use project stands tall with its Ground + 14 floors, offering a dynamic blend of commercial, administrative, and medical clinics, each with its separate gates for added convenience and privacy.

Destino serves as a hub of activity and opportunity, catering to diverse needs of residents and visitors alike. Whether it’s shopping, dining or accessing essential services, everything is within easy reach, making our project a sought-after destination in the heart of the city.

PHILOSOPHY BEHIND THE NAME

At Destino, we believe in the power of purpose and direction. Our name, derived from the word "destiny," encapsulates our commitment to guiding you toward your professional goals. Whether you are a thriving business, a dynamic administrative entity, or a cutting-edge medical practice, Destino is designed to be the place where your ambitions come to life.

The New Administrative Capital is a testament to Egypt's commitment to progress and growth. Spanning over 700 square kilometers, it promises to alleviate the congestion of Cairo, offering a fresh start with state-of-the-art infrastructure and smart city technologies. This city is meticulously planned to host over 6.5 million residents, featuring a harmonious blend of residential, commercial, and administrative districts.

The New Administrative Capital offers an unparalleled environment for growth and innovation.The city's business district is designed to be a regional hub for finance and commerce, attracting multinational corporations and fostering a vibrant entrepreneurial ecosystem. Modern office spaces, cutting-edge facilities, and strategic location make it an ideal destination for corporate headquarters andstartupsalike.
